**FOR CHANGES
WE NEED DATA**

- 1. Is there any knowledge about care and treatment for WGBDs in your country? (Inside your NMO, in HTC's)**
- 2. Are women included in the board of your NMO?**
- 3. Are there any actions For WGBDs? Which one? How often?**
- 4. Do you have any registries? Are WG included?**

QUESTIONS

Do you think it's time for a change?

Is there a difference in treatment now and 10 years ago?

What are you willing to do for WG when you get home?

When?
