

TAKE-AWAYS: INDIVIDUAL

- Committee mixer – really useful
- Gaps between the NMOs – mind the gap!
- Youth: cross border
- Different regulations for NMOs across Europe
- Share events
- Forecasting
- Iceberg model is a very useful tool
- Will call a board meeting asap to disseminate the learnings from the LC
- Wish for a clear policy from NMOs regarding the committees.
- Exchange between the committees not to double the efforts
- All bleeding disorders – broadening of the horizon and raising awareness
- Focus on collective wisdom in the room
- Manage finances is really important – increase EU project funding
- Ideas around volunteer management – invest (time) in youth
- Encourage volunteers to share what they want, give voice to address needs
- Intergenerational exchange
- Focusing on “young” in organisation is not just “youth”
- Don’t be complacent – think of governance, nothing is always certain
- Use ice-berg model to flesh out ideas
- Be brave to start. Give people purpose and meaningful connection
- Burnout session is so relevant
- Basics of finances really useful
- Group public projects – like cycling project – can be used to attract more volunteers and raise awareness.

TAKE-AWAYS FOR EHC TO KEEP IN MIND

- Attend each other’s events
- English Language classes
- Stay connected – travel grants to events
- Cross-fertilise between the NMOs - cross generational
- Disseminate
- Open mic session is good
- Committee mixer is good
- Should make social media more rich in content
- Facilitation of discussion of NMOs
- Sharing of good practices/ projects-poster session/slam sessions
- EHC to facilitate neighbouring countries attendance at events
- EHC adapt to the changes in the BD management – travel etc.
- Zoom project groups
- EHC rethink conversation – people need to reposition themselves – thing outside of people.
- Provides moral support to avoid burnout
- LC as summer camp!
